

Political boundary	State boundary (tentative)	National boundary	North-South demarcation line 1966 (tentative)
Spot height	Main contour (100m interval)	Intermediate contour (50m interval)	Supplementary contour

Settlements	State capital	Principal town	Secondary town	Administrative town	Settlement (tentative)	Settlement (not verified)	Built-up area
Hill and mountains	Infrastructure features	Air strip (CDE)	Main road (CDE)	Gravel road (CDE)	Dirt road (CDE)	Street (CDE)	Railway (CDE) (not operational)

Hydrological features	Canal (unfished)	Pipeline	Main river	Seasonal river	Epitopic river	Dry river	Canal	Lake and herbland
Elevation classes	below 400 m	401 - 450 m	451 - 500 m	501 - 550 m	551 - 700 m	701 - 900 m	901 - 1'300 m	1'301 - 1'600 m

Land cover classes	Forest	Bushland	Sparse vegetation	Arable land	Surface water
Wetlands	Freshwater marshes and floodplains	Rain brackets and saline wetland			

Scale	1:500'000
North arrow	0 5 10 20 km
Projection	Universal Transverse Mercator (UTM)
Datum	WGS84

Project Information
 The present map sheet is composed of four maps (1:250'000) and is one of the maps of the Southern Sudan State Map Series (1:500'000). The map is the publication of the project of the Centre for Geographical and Environmental Information of the University of Berne, Switzerland, with funding from the Swiss Federal Department of Foreign Affairs. The map is a technical product of the project and is not intended for political purposes. It is not intended to represent the boundaries, jurisdiction, settlement locations or the population of any country, territory, city or town. The map is not authoritative and should not be considered as such.

Data completion
 Georeferencing of spatial data was obtained through vector digitization of the map. The map is not authoritative and should not be considered as such.
